

CORSO DI LAUREA MAGISTRALE IN "Statistica e Data Science"
 ORARIO DELLE LEZIONI DEL SECONDO ANNO - II SEMESTRE AA 2020/2021

ORE	Lunedì	Martedì	Mercoledì	Giovedì	Venerdì
08.30-09.10		Bayesian data analysis (online)	Statistical inform. sys. (online)		Bayesian data analysis (online)
09.10-09.50		Bayesian data analysis (online)	Statistical inform. sys. (online)		Bayesian data analysis (online)
10.00-10.40	Causal Inference (Aula 120)	Economic Demography (online)	Biostatistics (online)	Causal Inference (online)	Statistica attuariale(online)
10.40-11.20	Causal Inference (Aula 120)	Economic Demography (online)	Biostatistics (online)	Causal Inference (online)	Statistica attuariale(online)
11.30-12.10	Biostatistics (Aula 120)	Social network analysis (online)	Social network analysis (online)	Economic Demography (online)	Causal Inference (online)
12.10-12.50	Biostatistics (Aula 120)	Social network analysis (online)	Social network analysis (online)	Economic Demography (online)	Causal Inference (online)
14.00-14.40				Statistical inform. sys. (online)	
14.40-15.20				Statistical inform. sys. (online)	
15.30-16.10	Statistica attuariale(online)			Statistica attuariale(online)	
16.10-16.50	Statistica attuariale(online)			Statistica attuariale(online)	

Insegnamento

Bayesian data analysis

Biostatistics

Causal inference and program evaluation

Economic Demography

Social network analysis

Statistical information systems: big data, open data and semantic web

Statistica Attuariale

Docente

Francesco Stingo

Michela Baccini

Fabrizia Mealli

Gustavo De Santis

Maria Francesca Marino

Cristina Martelli

Augusto Bellieri Dei Belliera, Luigi Vannucci

Ubicazione aula

Aula 120: 1° piano del centro didattico Morgagni (CDM), Viale Morgagni 40
